POLICY DOCUMENTATION

BOWLING MACHINE HIRE / SAFETY

- 1/ The bowling machine will be available for hire to be used solely in the indoor centre at Ashburton Domain.
- 2/ Any person over the age of 18 years old may use unsupervised. All those below the age of 18 years old, will need adult assistance.
- 3/ All users will require to be shown how to use the bowling machine and advised on all safety issues.
- 4/ All independent users will be required to sign a safety form to accept that they have been advised of all safety issues.
- 5/ Coaches that will be using the bowling machine with junior cricketers will also be required to understand all safety issues and sign a relevant form accepting responsibility for users in their care.
- 6/ Initial bowling machine hire will be set at \$40 (inc GST) per hour, inclusive of hall hire charges.

The bowling machine is an exceptional asset to cricketers in Mid Canterbury, if used wisely. Safety is paramount and all users (over 18 years of age) must accept full responsibility for their own safety (and others in their charge), once safety guidelines have been advised.

The cost is reflective of its value and current hall hire charges. Costs will be reviewed annually.
